Terminal Quantity:

6

Terminal Type:

Solder stud

Component Quantity:

3 and 6

Component Name:

Fixed composition resistor; connector, bulkhead

Component Identifying Number:

Cb3005 part no. And cb1815 part no. And 700171 part no.

Assembly Construction Method:

Leads soldered to terminals and mounted on terminal board

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f
