Overall Length:

10.000 inches

Overall Height:

4.000 inches

Overall Width:

5.000 inches

End Application:

An/fps-108

Component Type And Quantity:

4 connector

Special Features:

3 bit, 6 state digital attenuator, used to extend the dynamic range of the receiver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
