**Overall Length:**

1.120 inches

**Overall Height:**

0.700 inches

**Overall Width:**

1.050 inches

**Basic Shape Style:**

Rectangular prism

**Material:**

Aluminum alloy and silicone rubber and steel, corrosion resisting

**Material:**

Aluminum alloy and rubber silicone class q and stainless steel

**Surface Treatment:**

Anodize and passivate

**Surface Treatment:**

Anodized and passivated

**Fsc Application Data:**

Aircraft gunnery fire control component

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A12000
