Special Features:

Frequency is 30 mhz; maximum impedance is 93 ohms; vswr is 1.25: 1 maximum at 30 mhz; case material is copper clad steel; finish is bright nickel plate per qq-n-290; operating temperature is 0 degrees c to 85 degrees c; 2.750 in. Lg; 0.810 in. W; 1.172 in. H; three sma female connectors; the rf power divider shall be suitable for use in a shipboard environment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A512n0
