

View Online at <https://aerobasegroup.com/nsn/5985-01-087-5943>

Special Features:

Frequency is 600 mhz dc; impedance is 50 ohms; insertion loss is 6 0b; vswr is 1.25: 1 at 60 mhz; power handling is 0.5 watt; connectors are 3 tnc female per mil-c-39012; case material 1s copper clad steel; finish is grey enamel paint; operating temperature is 0 degrees c to 85 degrees c; vibration frequency is 5-15 hz and a maximum g load od 0.5 t0 3.5; rf power divider shall meet the requirement of mil-e-16400g; 2.750 in. Lg; 0.810 in. W; 1.225 in.H

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A512n0
