Body Style:

Irregular

Overall Length:

1.730 inches

Overall Height:

1.340 inches

Overall Width:

0.500 inches

Switch Type:

Nontransfer

Coaxial Connector Series Designation:

Sma

Actuator Voltage In Volts:

Between 20.0 and 30.0

Switch Operation Sequence:

Breaks before makes

Switching Time:

15.0 milliseconds

Switch Return Mechanism Type:

Fail-safe

Pole Quantity:

1

Throw Quantity:

2

Rf Maximum Voltage Rating:

500.0 volts peak

Coupling Position Quantity:

3

Special Features:

Auxiliary spdt reed switch

Terminal Type And Quantity:

3 receptacle, coaxial and 5 solder stud

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A158a0
