Overall Length:

6.381 feet

Overall Height:

8.740 inches

Overall Width:

1.958 feet

Mounting Hole Diameter:

0.208 inches

Mounting Hole Quantity:

4

Frequency Rating:

30.000 megahertz single antenna element and 76.000 megahertz single antenna element

Distance Between Mounting Facility Centers:

1.912 inches

Design Type:

Blade single antenna element

Mounting Method:

Base and unthreaded hole

Special Features:

Intercepts signals from right side of aircraft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A074a0
