Fragility Factor:
Moderately rugged
End Application:
Converter, signal data cv-3399/byq
Termination Type:
Connection coaxial
Operating Position:
All positions
Cooling Method:
Self-cooled
Special Features:
Made from m81511/06ed03p3
Style Designator:
Coaxial mounted
Fsc Application Data:
Antennas, waveguides, and related equipment
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A19800
