**End Application:**

622-6147-001

**Component Quantity:**

17

**End Item Source:**

37695 and 13499 and 80058

**End Item Name:**

Hf power amplifier/antenna coupler

**Special Features:**

Operation and automatic tuning at any frequency in the 2.0000 to 29.9999, mhz. Range, input impedance 50 ohms, 1 bnc connector, r f power input not more than 157 milliwatts, vswr 1.3 max

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A23800
