Overall Length:

2.994 inches

Overall Height:

1.200 inches

Overall Width:

0.560 inches

Impedance Rating In Ohms:

124.0

Body Length:

2.250 inches

Coaxial Connector Series Designation:

Twin

Connector End Design:

Male

Termination Type:

Connection coaxial

Operating Position:

Horizontal

Cooling Method:

Self-cooled

Special Features:

Includes four connectors

Precious Material And Location:

Contacts internal surfaces gold

Precious Material:

Gold

Style Designator:

Rf connector, surface mounted

Specification Data:

98230-0n316853 government specification

Fsc Application Data:

Antennas, waveguides, and related equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A19800
