Mounting Hole Quantity:

6

Frequency Rating:

225.000 megahertz single antenna element and 400.000 megahertz single antenna element

End Application:

As-578/ara-25

Connector End Design:

Pin single antenna element

Design Type:

Circular array single antenna element

Mounting Method:

Flange

Terminal Type:

Connector, receptacle single antenna element

Fsc Application Data:

Radio navigation, airborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A074a0
