Overall Length:

2.250 inches

Impedance Rating In Ohms:

91.0

Overall Diameter:

0.840 inches

End Application:

5865-01-107-1039 receiving set, countermeasures

Coaxial Connector Series Designation:

Twin

Connector End Design:

Male and female

Power Rating:

0.500 watts average

Termination Type:

Connection coaxial

Operating Position:

Horizontal

Cooling Method:

Self-cooled

Special Features:

Includes 4.000 in. Lg chain u/cap

Precious Material And Location:

External surfaces silver

Precious Material:

Silver

Style Designator:

Coaxial mounted

Fsc Application Data:

Antennas, waveguides, and related equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A19800
