**Overall Length:**

2.250 inches

**Impedance Rating In Ohms:**

91.0

**Overall Diameter:**

0.840 inches

**End Application:**

5865-01-107-1039 receiving set, countermeasures

**Coaxial Connector Series Designation:**

Twin

**Connector End Design:**

Male and female

**Power Rating:**

0.500 watts average

**Termination Type:**

Connection coaxial

**Operating Position:**

Horizontal

**Cooling Method:**

Self-cooled

**Special Features:**

Includes 4.000 in. Lg chain u/cap

**Precious Material And Location:**

External surfaces silver

**Precious Material:**

Silver

**Style Designator:**

Coaxial mounted

**Fsc Application Data:**

Antennas, waveguides, and related equipment

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A19800
