Overall Length:

1.511 feet

Outside Diameter:

0.500 inches

Conductor Size:

15 awg

Termination Identification:

Tnc male

Conductor Quantity:

1

Conductor Material:

Copper

Outer Conductor:

Included

Termination Controlling Agency:

Department of defense

Terminal Fitting:

Included

Accommodated Conductor Type:

Coaxial

Special Features:

Frequency 8.0 to 12.0 ghz; maximum vswr 1.30

Material:

Copper

Material:

Copper

Fsc Application Data:

Antennas, waveguides, and related equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T224-e
