Overall Length:

5.25 inches

Overall Height:

3.56 inches

Overall Width:

2.68 inches

Product Name:

Dummy load, waveguide

Special Features:

6 mounting holes, .213" diameter (+.004, -.002)

Supplementary Features:

Center mounting hole to center mounting hole width: 2.240", center mounting hole to center mounting hole top to bottom: 2.840", center mounting hole to center mounting hole top to middle and bottom to middle: 1.500"

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
