Impedance Rating In Ohms:

51.0

Fragility Factor:

Moderately rugged

Termination Type:

Binding post

Operating Position:

All positions

Rf Connector Changing Feature:

Not included

Cooling Method:

Self-cooled

Special Features:

Item is dipped entirely in insulating compound except for terminals

Fsc Application Data:

Antennas, waveguides, and related equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A19800
