Overall Length:

3.250 inches

Body Width:

1.938 inches

Body Height:

1.812 inches

Frequency Range Rating:

+380.000/+420.000 hertz

Termination Type:

Connector

Operating Position:

All positions

Rf Connector Changing Feature:

Not included

Cooling Method:

Self-cooled

Style Designator:

Waveguide mounted

Fsc Application Data:

Antennas, waveguides, and related equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A19800
