End Application:

Icce-iceland command control enhancement system

Overall Attenuation Range In Decibels:

+0.0/+110.0

Frequency Range:

Between 0.000 megahertz and 10.000 megahertz

Impedance Rating In Ohms:

600.0 input-output

Special Features:

Jack-top binding posts/heavy duty silver alloy contacts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A223a0
