Application Design:

Transmission line

Body Style:

Coaxial type

Voltage Standing Wave Ratio:

1.80

Coaxial Connector Series Designation:

Smc

Power Rating:

25.0 watts peak

Insertion Loss At Minimum Attenuation In Maximum Decibels:

3.0

Overall Attenuation Range In Decibels:

+0.0/+3.5

Attenuation Variation Method:

Continuous

Frequency Range:

Between 6.000 gigahertz and 18.000 gigahertz

Overall Attenuation Accuracy In Decibels:

-2.00/+2.00

Terminal Type And Quantity:

2 connector, coaxial, male

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A223a0
