Application Design:

Transmission line

Body Material:

Steel, stainless

Terminal Material:

Steel, stainless

Terminal Surface Treatment:

Passivated

Body Surface Treatment:

Passivated

Input Impedance Rating In Ohms:

50.0

Output Impedance Rating In Ohms:

50.0

Mounting Method:

Connector

Terminal Type And Quantity:

3 connector

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A20000
