Overall Length:

560.000 feet

Overall Height:

50.000 feet

End Application:

5895-01-224-8838zr an/tsc-6 (v) 8

Coaxial Connector Series Designation:

N single antenna element

Power Rating:

10.000 kilowatts average single antenna element

Characteristic Impedance In Ohms:

50.0 single antenna element

Design Type:

Mast single antenna element

Terminal Type:

Connector, receptacle single antenna element

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A074a0
