Application Design:

Transmission line

Body Style:

Rectangular, terminal/terminals on opposite surfaces

Overall Length:

2.250 inches

Body Length:

2.000 inches

End Application:

Alq-135b

Terminal Type And Quantity:

2 connector

Criticality Code Justification:

Feat

Special Features:

Electrostatic sensitive

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A20000
