Overall Length:

1.670 inches

Impedance Rating In Ohms:

75.0

Overall Diameter:

0.594 inches

Frequency Range Rating:

+0.000/+500.000 megahertz

Termination Type:

Connection coaxial

Operating Position:

All positions

Rf Connector Changing Feature:

Not included

Cooling Method:

Self-cooled

Style Designator:

Coaxial mounted

Fsc Application Data:

Antennas, waveguides, and related equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A19800
