Overall Length:

2.981 inches

Large End Diameter:

9.250 inches

Mounting Hole Type:

Plain

Mounting Method:

Unthreaded holes

End Application:

Direction finder group an/ara-48

Basic Shape Style:

Cylindrical w/flared end

Mounting Facility Quantity:

8

Material:

Metal

Fsc Application Data:

Antennas, waveguides, and related equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A12000
