Application Design:

Transmission line

Body Material:

Metal

Body Style:

Rectangular, terminal/terminals on one surface

Body Surface Treatment:

Any acceptable

Input Impedance Rating In Ohms:

22.0

Output Impedance Rating In Ohms:

33.0

Power Rating:

0.5 watts average

Mounting Method:

Connector

Terminal Type And Quantity:

2 connector

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A20000
