Impedance Rating In Ohms:

50.0

End Application:

Navigational set, position fixing, decca, an/psn-3

Special Features:

45 degrees elbow assembly; 1 inner and 1 outer conductor

Material:

Brass

Material:

Copper alloy

Fsc Application Data:

Antennas, waveguides, and related equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T224-a
