End Application:

Mast group, pneumatic oa-9052 (v)1/g

Base Diameter:

9.000 inches

Maximum Height:

37.500 feet

Nested Height:

80.000 inches

Mast Construction:

Sectionalized

Section Quantity:

8

Special Features:

Mounting method: a/a; usage design: ground mobile use; functional description: mast, telescoping aluminum sections, quick-erecting, pneumatic; type/model designation: ab-1292a/g; purchase description identification: 07397-5035601-2;

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A503w0
