**Construction:**

One-piece

**Base Width:**

4.500 inches

**Mounting Method:**

Lock-pin

**End Application:**

5865-01-113-0742 target acquisition group

**Accessory Components And Quantity:**

Antenna, filter assembly 1

**Maximum Height:**

7.698 feet

**Special Features:**

Contains amplifier and filter

**Functional Description:**

Provides mounting facilities for antenna at-197a/gr

**Purchase Description Identification:**

94990-5044707

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

T224-d
