End Application:

An/fsq-15 (v)

Mounting Configuration:

Eight bolt holes through groundplane-feed rim

Component Type And Quantity:

8 connector and 2 antenna and 1 coupler and 2 cable and 2 spacer

Product Name:

Feed assembly

Special Features:

Circular polarization and other main pieces are radome-fee (1), housing-feed(1) and ground plane-feed(1) .

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511I0
