Overall Length:

8.125 inches

Overall Width:

4.250 inches

End Application:

An/fsq-15 (v)

Component Type And Quantity:

1 power supply and 1 printed wiring board

Special Features:

Functional description: inductosyn antenna control unit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
