Overall Length:

7.200 inches

End Application:

Tactical air operations module an/tyq-2 (v) 1

Design Type:

Unidirectional

Unit Type:

Transmission line

Special Features:

Twin conductor cable; wire lead terminals

Fsc Application Data:

Antennas, waveguides, and related equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T389-c
