Overall Length:
7.200 inches
End Application:
Tactical air operations module an/tyq-2 (v) 1
Design Type:
Unidirectional
Unit Type:
Transmission line
Special Features:
Twin conductor cable; wire lead terminals
Fsc Application Data:
Antennas, waveguides, and related equipment
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
Т389-с
