Overall Length:

131.000 inches

Impedance Rating In Ohms:

50.0

Overall Diameter:

3.125 inches

End Application:

Oth/b wcrs

Special Features:

Material aluminum alloy; finish none; operating temperature minus 40 to plus 36 degrees celcius

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T224-a
