Overall Length:

1.841 inches

Overall Height:

0.760 inches

Overall Width:

1.250 inches

Frequency Range Rating:

+4.0/+8.0 gigahertz

End Application:

An/alt-4 (v) simulator, airborne jammer

Trade Designation:

Sma female connector

Controlling Agency:

Navel electronics system command

Identifying Number:

78e643340 drawing no.

Connector Quantity:

2

Fsc Application Data:

Antennas, waveguides, and related equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T224-j
