| Overall Length:                        |
|--|
| Between 1.700 inches and 1.780 inches  |
| Impedance Rating In Ohms:              |
| 78.0                                   |
| Overall Diameter:                      |
| 0.510 inches                           |
| Coaxial Connector Series Designation:  |
| Bnc                                    |
| Connector End Design:                  |
| Female                                 |
| Power Rating:                          |
| 0.750 watts average                    |
| Termination Type:                      |
| Connection coaxial                     |
| Operating Position:                    |
| All positions                          |
| Cooling Method:                        |
| Self-cooled                            |
| Style Designator:                      |
| Coaxial mounted                        |
|  |
| Shelf Life:                            |
