Overall Length:

0.520 inches

Impedance Rating In Ohms:

50.0

Overall Diameter:

Between 0.270 inches and 0.310 inches

Frequency Range Rating:

+0.000/+18.000 gigahertz

End Application:

Countermeasures set an/alr-62

Voltage Standing Wave Ratio:

1.20

Coaxial Connector Series Designation:

Sma

Connector End Design:

Male

Voltage Standing Wave Ratio Frequency Range:

+0.000/+18.000 gigahertz

Termination Type:

Connection coaxial

Operating Position:

All positions

Cooling Method:

Self-cooled

Style Designator:

Coaxial mounted

Specification Data:

15786-329003 manufacturers specification control

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A19800
