Overall Length:

20.200 inches

Overall Height:

10.000 inches

Mounting Hole Diameter:

0.112 inches

Mounting Hole Quantity:

4

End Application:

Aircraft model es-3a

Component Quantity:

2

Design Type:

Loop all antennas

Mounting Method:

Threaded hole

Special Features:

Components include plug 1, air loop antenna arm 2, rf cable assembly 1, uninsulated copper electric wire awg 24

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A074a0
