Frequency Rating:

0.5 megahertz single frequency operating and 1220.0 megahertz single frequency operating

End Application:

Tacan beacon, simulator test set, republic electronics co

Special Features:

Control voltage plus 12 volts dc at 30 ma; rf input 1 watt average

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A158a0
