Overall Length:

0.950 inches

Overall Height:

0.320 inches

Overall Width:

0.800 inches

Wattage Rating:

1.000 watts

Special Features:

May also be gold plated

Material:

Iron or steel

Surface Treatment:

Nickel

General Description:

Operating frequency 225 to 400 mhz; modulation band 0 to 100 mhz; vswr 1.8: 1 max

Specification Data:

80063-a3110605 manufacturers specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
