Application Design:

Transmission line

Body Style:

Rectangular, terminal/terminals on opposite surfaces

Overall Length:

4.360 inches

Overall Width:

1.630 inches

Body Length:

3.700 inches

End Application:

F-15 depot

Coaxial Connector Series Designation:

Sma

Power Rating:

1.0 watts average

Terminal Type And Quantity:

2 connector

Frequency Range:

Between 0.000 gigahertz and 26.500 gigahertz

Special Features:

Programmable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A20000
