Application Design:

Waveguide

Body Surface Treatment:

Chromate

Mounting Hole/stud Quantity:

4

Waveguide Flange Type:

Contact

Mounting Facility Thread Size And Series/type Designator:

8-32 unc

Connection Type Per Function:

Female output

Mounting Method:

Connector and terminal w/mounting holes

Terminal Type And Quantity:

1 flange

Special Features:

Waveguide to coax configuration

Test Data Document:

82577-ps32008-186 standard (includes industry or association standards, individual manufactureer standards, etc.).

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A20000
