**End Application:**

Submarine armament and fire control systems. Armanent system. Seawolf class ssn.

**Basic Shape Style:**

Cylindrical

**Criticality Code Justification:**

Feat

**Special Features:**

Weapon system essential

**Material:**

Nickel copper alloy

**Material:**

Nickel alloy

**Surface Treatment:**

Copper and nickel

**Surface Treatment:**

Copper and nickel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A12000
