Overall Length:

1.925 inches

Body Diameter:

0.450 inches

Impedance Rating In Ohms:

2000.0

Overall Diameter:

0.550 inches

Frequency Range Rating:

+2.000/+399.975 megahertz

End Application:

Coast guard hu-25 cockpit management system

Voltage Standing Wave Ratio:

28.00

Coaxial Connector Series Designation:

Uhf

Connector End Design:

Neuter

Power Rating:

2.000 watts average

Termination Type:

Connection coaxial

Operating Position:

All positions

Cooling Method:

Self-cooled

Special Features:

Resistor is enclosed in a black insulator approx. 0.95 in. Long with a diameter of 0.70 in.

Style Designator:

Coaxial mounted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A19800
