Overall Height:

5.500 inches

Frequency Rating:

2.000 megahertz all antennas and 2000.000 megahertz all antennas

Overall Diameter:

13.000 inches

Electromagnetic Polarization Type:

Vertical all antennas

Characteristic Impedance In Ohms:

50.0 all antennas

Design Type:

Crossed loop first antenna and monopole first antenna

Power Gain In Decibels:

18.00 all antennas

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A074a0
