Overall Length:

1.210 inches

Overall Height:

0.850 inches

Overall Width:

0.500 inches

Frequency Range Rating:

+6.0/+8.0 gigahertz

End Application:

Joint stars rd

Trade Designation:

Isolator, rf, coaxial, lower power

Controlling Agency:

Northrup grumman norden systems inc

Identifying Number:

153-316 drawing no.

Connector Quantity:

2

Special Features:

Weight 3 oz; impedance 50 ohms; oper. Temp. Range -54 to +85 degree c; stor. Temp. Range -55 to +85 degree c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T224-j
