Mounting Method:

Plate

End Application:

6625-01-425-2551

Assembly Construction Method:

Mounted on plate

Special Features:

For using thinfilm of nitriding tantalum excellent for temperature tolerance stability and humidity proof

Precious Material And Location:

Terminals gold

Precious Material:

Gold

Supplementary Features:

External size 3.2mm x 1.6mm x 0.4mm surface mounting type. Wideband from dc to 10ghz

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f
