**Overall Length:**

128.000 feet

**Overall Height:**

92.000 feet

**Overall Width:**

107.000 feet

**Frequency Rating:**

2.000 megahertz single antenna element and 30.000 megahertz single antenna element

**Electromagnetic Polarization Type:**

Horizontal single antenna element

**Beam Scanning Method:**

Rotating single antenna element

**Design Type:**

Periodic single antenna element

**Special Features:**

Includes antenna products 0091-0008-201 frequency extender kit; extends frequency from 4-30mhz to 2-30 mhz

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A074a0
