Overall Length:

128.000 feet

Overall Height:

92.000 feet

Overall Width:

107.000 feet

Frequency Rating:

2.000 megahertz single antenna element and 30.000 megahertz single antenna element

Electromagnetic Polarization Type:

Horizontal single antenna element

Beam Scanning Method:

Rotating single antenna element

Design Type:

Periodic single antenna element

Special Features:

Includes antenna products 0091-0008-201 frequency extender kit; extends frequency from 4-30mhz to 2-30 mhz

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A074a0
