Body Style:

Rectangular

Overall Length:

1.000 inches

Overall Height:

1.760 inches

Overall Width:

0.800 inches

Switch Type:

Transfer

End Application:

An/alq-131 block ii ecm pod

Actuator Operating Method:

Solid state

Mounting Facility Type And Quantity:

2 threaded hole

Special Features:

Nha band 3 rf assembly p/n 757r696g01

Material:

Aluminum body

Reference Number Differentiating Characteristics:

As differentiated by manufacturers

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A158a0
