End Application:

F15 aircraft wr-alc

Special Features:

Twisted with flanges; frequency 8.20 to 12.40 ghz; vswr 1.08: 1 max; operating temp minus 60 degrees to plus 125 degrees centigrade

Flexibility:

Rigid single tubing segment

Material:

Aluminum alloy single tubing segment or copper alloy single tubing segment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A073a0
